In the Ferry market, Scandlines announced ordering a 1,200 LM, 140 passenger Ropax at Cemre Shipyard. The vessel is Hybrid-battery powered and will be delivered within 2024.

In other sectors, it was reported that OY Langh Ship ordered three firm LNG dual fuel 7.8k dwt MPP's at Wuhu Shipyard, with delivery of the vessels expected within 2024. Jebsen Shipping Partners declared two optional 5.2k dwt General Cargo vessels at Jiangsu Dajin, with delivery of both vessels set for mid-2024, bringing the series to 14 overall.

RECYCLING

Temporary Bounce?

An incredible turnaround came to light this week with notable sales achieving aggressive/firmer rates mainly for the Bangladesh shores. The Indian recyclers also started the week on a firm note but reports suggest the levels have now tailed off we come to the end of the week. Pakistani recyclers are also keen to acquire tonnage and would possibly offer similar numbers, however, would probably only have an opportunity to acquire units that are ideally placed geographically closer to them.

Despite these impressive offers being tables, as can be evidenced by the sales collated below, there still only remains a spattering of new units for sale only but certainly these reported sales give a clear indicator as to where the market sentiment truly is. The shortage of tonnage, and continued high demand from the recyclers, does add up to a promising market that looks set to continue till the end of the year, however some warning signs from local individuals suggest that this is the peak and once a few units are concluded at these new highs, price levels will once again correct themselves.
