NEW BUILDING

In containers, Hyundai Mipo announced contracting three firm 1,800TEU containerships from Clients of Euroseas, with the first vessel to be delivered in 1Q 2024 and the second and third vessel in 2Q 2024. The yard also announced orders for two firm 1,800TEU vessels from Eastern Pacific Shipping, with both vessels to be delivered within 4Q 2023. COSCO HI (Yangzhou) announced taking orders for two firm 700TEU Coastal Trading containerships, with delivery expected October and December 2023 respectively.

RECYCLING

Spring Forward!

As we turn the clocks forward this weekend to edge closer to summer, market sentiment this week has certainly not sprung forward and in fact, further negative corrections took place, this time from Bangladesh. There appears to be so much unpredictability around the recycling industry lately as global commodity markets continue to drive the volatility in the market and causing recyclers, and cash buyers, to seemingly take on a 'wait and see' attitude.

We have finished the week with the Bangladesh market suffering a slight downward pressure, India and Pakistan stable with no real change in sentiment, and the Turkish market continuing to look promising with historical numbers in the USD 400's being witnessed. As yards begin to empty, due to the continuing lack of supply, we may see price levels rise once again from the Indian sub. Continent as recyclers once again become frustrated by the small volume of tonnage arriving to their shores, provided of course, domestic steel prices can justify any change.
